Conference Secretary:

dr Jacek Batóg, University of Szczecin

The aim of the 2nd "Baltic Business Development" conference organised by University of Szczecin and Hochschule Wismar – University of Technology, Business and Design and co-financed by National Bank of Poland is to bring together academic and other specialists from business development and to facilitate their knowledge and experience. The conference should provide an opportunity to discuss issues related particularly to assessment of regional development, economic and financial situation of SMEs, finance and currency issues and possibilities of international co-operation in area of education activity.

The conference should enable participants to disseminate of knowledge on economic conditions for regional and business development as well as on solutions applied in that scope in different economies. Participants will be able to find national and international contacts that will promote an active development of future co-operation within common projects and researches.

In the first day (Monday - 4th of September) an Opening Ceremony and plenary session together with participants of 10th Baltic Region Seminar on Engineering Education organised by UNESCO International Centre for Engineering Education and parallel sessions for each economic topic mentioned below are planed. During the evening all participants are invited for Cocktail Party. During the second day parallel sessions will be continued and some social event is foreseen.

Topics of the conference

The conference welcomes submission of papers in the following fields:

1. Regional development
2. Finance and currency
3. SME management and entrepreneurship
4. Multi-national degree programmes (including meeting of fellows and graduates)

Language and programme

An official language of the conference is English. The detailed programme will be available at the mid of August, depending on the number of participants and submitted papers.
